

Appln. No. 10/666,593

Attorney Docket No. DKT03009

III. Amendments to the Drawings

A replacement sheet of drawings including changes to Figure 2 is attached. Specifically, the lead line relating to element 152 has been lengthened, the lead line relating to element 154 has been lengthened, the lead line relating to element 158 has been repositioned, the lead line relating to element 176 has been repositioned, the lead line relating to 172 has been repositioned, the lead line relating to element 174 has been revised to a dashed line, and the lead lines relating to elements 140A and 140B have been repositioned slightly. All of the foregoing revisions have been made in an attempt to both satisfy the Examiner's objections and improve the clarity of Figure 2. Acceptance of revised Figure 2 is sought.
